Florida Project Learning Tree has developed an on-line version of a Project Learning Tree workshop just for 4H!

After completing the training you’ll be a certified Project learning Tree (PLT) educator and will receive your own copy of the PLT Activity Guide.

- The guide has 96 engaging activities that help youth build Life Skills, use experiential learning, and are fun and easy to use!
- PLT activities are great for outdoor summer and day camps, supplementing other natural resource projects, classroom visits (correlated to Sunshine State Standards!), and even indoor rainy day ideas.
- They are correlated to 4H natural resource project books, could help your club prepare to participate in the 4H Ecology contest, and are great for supplementing other 4H projects.
- Each activity includes background information and step-by-step instructions making it easy to engage youth in outdoor adventures.

The training is user-friendly with clear and easy to follow instructions.

- You can complete the training from home, on your own time, at your own pace.
- All you need is a computer and an Internet connection.

The training consists of 6 interactive modules designed just for 4H leaders.

- Watch video clips of 4H leaders with tips about how they use PLT.
- See how the experiential learning cycle will enhance 4H.
- Use opportunities for guided reflection to make learning even more relevant to your needs.
- Complete exercises to build your skills and confidence.

**On-line Project Learning Tree training will be available February 22nd to April 1st.**
Cost of the training is $15.
**Registration closes February 19th, 2010.**

If you have any questions please do not hesitate to contact Lindsey McConnell at linsmac@ufl.edu or (813)493-1248.
