

## Handouts for Organic Gardening Workshop

On July 14, 2012 Duval Extension hosted a program on Organic Gardening. John Markert with Accel Video taped the sessions so that others that could not attend would benefit from the presentations. There were several handouts that were distributed at these sessions. The following will include links for the handouts with the associated presentation.

### Introduction to Organic Production including pest, disease, and nematode management

- Natural Products for Insect Pest Management <http://edis.ifas.ufl.edu/in197>
- Organic Management of Vegetable Diseases Part I: Soilborne Pathogens <http://edis.ifas.ufl.edu/pp169>
- Organic Management of Vegetable Diseases, Part II: Foliar Pathogens <http://edis.ifas.ufl.edu/pp170>
- Managing Nematodes for the Non-Commercial Vegetable Garden <http://edis.ifas.ufl.edu/ng005>
- Integrated Pest Management [http://solutionsforyourlife.ufl.edu/lawn\\_and\\_garden/problems/ipm.html](http://solutionsforyourlife.ufl.edu/lawn_and_garden/problems/ipm.html)

### Organic Soil Amendments, mulches, fertilizers

- Vegetable Gardening Guide <http://edis.ifas.ufl.edu/vh021>
- Producing Garden Vegetables with Organic Soil Amendments <http://edis.ifas.ufl.edu/mg323>

### Composting, Vermiculture

- Compost Tips for the Home Gardener <http://edis.ifas.ufl.edu/ep323>
- Vermicomposting [http://gardeningolutions.ifas.ufl.edu/giam/maintenance\\_and\\_care/soil\\_fertilizer\\_and\\_nutrients/vermicomposting.html](http://gardeningolutions.ifas.ufl.edu/giam/maintenance_and_care/soil_fertilizer_and_nutrients/vermicomposting.html)

If you have additional questions about organic gardening or other related gardening questions, call the Extension Office and ask for a Master Gardener from 9am to noon and 12:30 to 3:30pm Monday through Friday.
